Work Experience

LiteGix / UI/UX Designer

JUNE 2022 – PRESENT, NEW DELHI

Currently, I'm working with design team at LiteGix. Here I maintain a style guide & implement new design patterns in the web app after research. I collaborate closely with developers, researchers, and the design team.

Akra Tech / UI & UX Designer

AUG 2021 – JUNE 2022, TAMIL NADU

I collaborated with developer teams & managed a wide variety of saas projects involving branding, illustration & UI/UX Design for startups and companies such as weintervene, Flyyt Path, whistleblower, and Akra Health

Saaspect / Product Designer Intern

APR 2021 – JULY 2021, NEW DELHI

My responsibilities included analysis, wireframes, sitemaps, user flows, concept sketches, Hi-fi design & visual design. for product called Zenbot and Vercrow

Projects

Spotify Moment

USER RESEARCH / UI/UX DESIGN

Spotify Moment is a new feature that combines listening and social experiences on Spotify App. I redesigned the Spotify app with some new features.

Weintervene

PRODUCT DESIGN

Intervene is a US-based school management web app. I created the design for the web and mobile App and convert my webapp design into code (Front-end dev)

Education

IPU / BCA

2019 – 2022, NEW DELHI

I Completed my degree in Bachelor of Computer Applications from Indraprastha University in New Delhi, India

KVS / High School

2017 – 2019, NEW DELHI

I Completed my schooling at Kendriya Vidyalaya (C.B.S.E) with Commerce and Computer Science.
